

TARGET : MBBS

A WORD TO PARENTS

The Practice of Medicine - a Mission of Mercy

The practice of medicine, as a mission of mercy, has a compelling fascination for young tender minds and hearts sensitive to suffering. To be truly of service, a would-be practitioner has to master a tremendous volume of information related to the art and science of healing. Though a systematic, disciplined medical course comes much later, the growing child has to be fed the rudiments of Science. The earlier the better. There is a limit to what our schools can do in this direction. A little extra out-of-school study is needed to round off a child's education.

Our Aim Our Target:MBBS course aims to focus the child's attention on areas of studies which are basic to modern medical science and practice.

New Challenges

These are times when success goes to persons born with a flair for inter-disciplinary activities. Areas considered incompatible some years ago have merged into new avenues of applications demanding the attention of men and women of the highest intelligence and skill. Success comes to those with a strong foundation in basic concepts and inter-disciplinary applications.

If you closely watch your school-going child, you may notice signs of a budding scientist. The best of schools may not find the time to pay special attention to your child's exceptional talent and to give it the fillip that is required. It is then clearly your duty to provide your child's mind with extra nourishment and exercise.

Our children's potential is limitless

Each generation takes off where their parents left off. Our children's potential for excellence is unlimited, and is as high as **we** set it. Target:MBBS places before your child an inviting vista of man's thought and achievement. It encourages a young and curious mind to go beyond the Text Book and start probing the world around us.

An excellent preparation for Medical Entrance Examinations

Our Professors have detailed knowledge of the Medical Entrance Examinations

conducted all over the country. They have established a communication line with the bright innocence of young minds. Their lesson material for this course will enable students entering High School (Std. IX and X) to develop a lively interest in Physics, Chemistry and Biology at the end of which the student is ready to start on a 2 year preparation for Medical Entrance, or other such examinations, when he/she steps into Std. XI.

Thoroughly updated and tailored to suit children's needs, the course is updated, evenly structured and presented so that the eager mind will have a smooth and easy passage through it - *complementing and supplementing*, but not in any way hampering, regular school work.

Additional Facilities

We allow separate enrolments for Stds. IX and X as well as for a two-year integrated course at a concessional fee.

Even though the emphasis on this course is on providing the future doctor a strong base in the Biological Sciences, a Mathematics segment is also included as part of the course to meet the immediate requirements of the school curriculum and also to help select the desired combination of subjects for the Higher Secondary (+2) course. Thus, the Target:MBBS course has four segments, Physics, Chemistry, Biology and Mathematics.

Finally, when your child has completed our Target:MBBS course, he/she will have a distinct advantage over other students, not only in his/her performance in the Standard X Public Exam, but also in his/her ability to take up, and benefit from, our serious preparatory courses for the Entrance Exams for Engineering and Medical Colleges.

And Remember

When your child enters Std. XI or equivalent, Brilliant can be with him/her all the way with our

- * Two-year CBSE-PLUS Course towards Medical Entrance Exams**
- * Two-year ELITE Course towards IIT-JEE**
- * Two-year Course towards AIEEE and BITSAT**

Enrolment for these courses opens in January of the year of the Std. X Board Examination. Prospectuses will be available the preceding December.

Managing Director

TARGET : MBBS, 2008 - 2009

COURSE HIGHLIGHTS

This course is intended for students of Stds. IX and X who offer Physics, Chemistry, Biology and Mathematics in recognised schools.

Aim of the Course

The course effectively supplements and consolidates the knowledge of these four science subjects acquired at school and expands it by building up a strong base.

Nature of the Course

The following courses are offered:

- Two-Year Integrated Target:MBBS Course spanning Stds. IX and X. For students of Std. IX.
- One-Year Target:MBBS Course-Part I: For students of Std. IX.
- One-Year Target:MBBS Course-Part II: For students of Std. X.

All are Correspondence Courses; all lesson material is in the English medium only.

Despatch of Lesson Materials

The course material in 5 Sets will be despatched at monthly intervals commencing in April 2008. Despatch of lesson material may be at shorter intervals for late enrolments, to help complete the course on time.

There will be a total of 10 lessons in each of the subjects, Maths, Physics, Chemistry and Biology.

For the two year course, there will be 5 sets during each year; for the second year despatch of course material will commence from April 2009.

The 6th Set

There will also be an additional 6th Set for each year; it will not contain any lessons, but only solutions to Test Papers I and II.

Supplementary Learning Material

In addition to the course lessons, the following supplementary materials are also provided for each of the Stds. IX and X. They are (i) Quiz (ii) a booklet titled “Makers of Modern Science” (iii) Glossary of Technical terms in Physics, Chemistry and Biology (iv) Practical Manuals in both Physics and in Chemistry - all carefully prepared and aimed at increasing the sum total of the students’ knowledge of Maths and the Sciences.

For Std. X only

A resume of the Std. IX lesson material will be sent with Set 1 to students of Std.X enrolling for Part II only.

Assignments

Each lesson in the 4 subjects includes an assignment or exercise for the students to answer **at home**, after careful study of the lesson itself. Solutions to these assignments will also be provided in the same set, so that the student can check his own working against the solutions provided.

The assignment papers should NOT be sent to us for evaluation.

Answers to Quiz

Answers to the Quiz are **NOT** to be sent to us. The students themselves can check their correctness by referring to the answers provided. Each Set will contain some Quiz items for which solutions will be included.

Postal Test Papers

There will be two Tests for the one-year course and four for the two-year course - 2 for each year. The Test Papers in each of the 4 subjects - Mathematics, Biology, Physics and Chemistry - should be answered by

students at home under strict examination conditions, and sent to us for correction. These will be evaluated and returned to students with the examiners' remarks, if any.

Doubt Letter Scheme

If, with all the solutions provided to them, students still find any difficulty regarding any specific topic or topics, they can make use of our Doubt Letter Scheme. The doubts referred to us will be cleared by our Professors and returned with the correct answers.

Doubts must be restricted to 5 per letter and the student's work sheets and (for problems, the working steps) must be enclosed without which Doubt letters may not be answered.

To whom Doubt Letters and all other correspondence are to be sent

All correspondence (including Doubt Letters and Test Papers) for and about this course should be sent to **Brilliant Tutorials Pvt. Ltd.**, 12, Masilamani Street, T. Nagar, Chennai-600 017, India. **Students must furnish their Enrolment Number in all correspondence with us.**

Fee

The fee for **each** one-year course for Std. IX and X is **Rs. 4490/-** + Service Tax Rs. 555/-. **Total: Rs. 5045/-.**

The fee for the Two-year Integrated Course is **Rs. 7440/-** + Service Tax Rs. 920/-. **Total: Rs. 8360/-.**

The fee is payable in full upon enrolment. We do not have an instalment facility.

Fees, once paid, will not be refunded or adjusted under any circumstances.

PROCEDURE FOR ENROLMENT

The student should send us:

1. The Enrolment Form completed and signed and with a passport size photograph pasted in the space provided.
2. One additional signed copy of the photograph (preferably colour) with the Enrolment Form.

Note: Enrolment Forms without the two photographs will not be accepted.

3. A Money Order or Demand Draft drawn in favour of **Brilliant Tutorials Pvt. Ltd.**, payable at **Chennai**, for the full course fee.

If a Money Order is being sent, the course as well as the student's full postal address should be indicated in the coupon.

Students resident outside India should follow the remittance instructions given on the Enrolment Form they receive.

4. The Enrolment Form and the course fee should be sent to: **Brilliant Tutorials Pvt. Ltd., 12, Masilamani Street, T.Nagar, Chennai-600017.**
5. The fee can also be paid in cash in our office.

Note: When calling to enquire about the status of your Enrolment, please have the following information ready:

- A copy of your Enrolment form
- D.D Number and Date (If Money Order, then MO Receipt Number and Date)
- Issuing Bank / Post Office
- Mode of Despatch of Enrolment Form (Courier, Registered Post, Speed Post, Ordinary Post)
- Date of Despatch

Please wait at least 15 days from the date of despatch before calling.

REQUESTS FOR CHANGE OF ADDRESS ETC.

Normally we do not accept any advice for stoppage of despatch of study material. Change of address, or, in exceptional cases, stoppage or resumption of despatch etc. will be implemented only if requested by a letter signed by the student. A photocopy of the Admit Card (with the photograph visible) must be enclosed with the letter. Telephone requests will not be honoured unless confirmed in writing. This policy is designed to prevent fraud and to safeguard the interests of our genuine students.

Please allow 15 days from the date of receipt, for implementation of the change

All matters are subject to the exclusive jurisdiction of the courts in Chennai only.

WHAT OUR STUDENTS SAY

August 04, 2007

The course study material was very well written and suited well for all the Entrances. The questions were very well crafted with emphasis on concepts. It covered every topic which might be needed for Entrances. To a large extent, my preparation was guided and honed by the immaculate Study Material created by your professors. The course material esp. the compendium helped me to brush up my skills in the last few days. The quality of the course material was very high and kept us above the rest of the people competing for the Entrances. The Doubt-Letter scheme was a great help. The questions provided in the tests were really good and were repeated in many entrances. I would recommend it very strongly to all future aspirants as it would be a sure-shot mantra for success. I am grateful to this coaching institute for steering me through my preparation for the medical entrance. Your course played a pivotal role in my preparation. The study material was excellent and the MCQs in the Postal Tests, B.NET Tests, Simulator Series formed the icing on the cake. I feel that this course is really necessary for people to succeed in Entrances. Selected: JIPMER – 1; Manipal (MAHE) - 51; EAMCET – 84; AIIMS – 139; AFMC – Selected for Interview; BHU – Selected for Mains

K. Sasank, MCBP07 00013

August 05, 2007

It helped me a lot. My preparation was good because of the Course. I will recommend it to everybody.

Selected: DY Patil University

Arka Roy, MCBP07 02014

July 31, 2007

This course was competition oriented and helped in knowing my drawbacks. The course has made great contribution to my overall success. It provided spirit to work hard for achieving a good rank in PMET Exam. I think, it was just complete material for preparation. These are self-sufficient and complete in itself. I strongly feel that Brilliant's Course and Test Series are very essential. Your course material was exhaustive and self-sufficient for preparation of Medical Entrance Exam. The Brilliant Tests' quality was so good, especially CBSE Simulator written tests. These tests helped me in knowing my real position at India well. Your Course and Tests are greatly responsible for my overall success.

Selected: Punjab PMT – 1; CMC (Ludhiana) – 49; AIPMT – 2003

Sambli Garg, MDPS0700218

**BRILLIANT[®]
TUTORIALS**

July 13, 2007

The course-material is very complete, with respect to the range of topics. I found your material highly useful especially the Biology section for All-India exam. The diagrams, additional topics, subjective questions were quite useful. I recommend your material to all Medical Aspirants for their success in the examinations.

Selected: Kerala PMT – 1; AIPMT – 26

Joe James, MDPS0700387

July 17, 2007

The study material was extremely good especially the question banks having variety of MCQ's. The whole material helped me to strengthen my concepts. The course helped me to a large extent to achieve my goal. The course material is extremely beneficial to all PMT aspirants. There were good collection of MCQ's. The various tests helped me to face different types of problems – both objective and subjective. I strongly recommend your course to all PMT aspirants as it provides an ideal material to crack all the medical entrance exams.

Selected: MGIMS (Wardha) – 1; CPMT (Girls) – 33; DPMT – 46; AIPMT – 718

Anjali Tomar, MDPS0700854

July 15, 2007

It helped a lot. Your course is extremely exam oriented and clears our basic concepts. The material maintains its tough standard requiring detailed study of all topics which helped me a lot especially for AIIMS. The tests are very good and give constant knowledge of our progress. The Medical Question Bank was exhaustive and gave the final shape to my preparation. I deeply appreciate your Doubt Letter Scheme which makes your course special. The prompt replies to our queries make it easy for us. Your course played wonders in my success. Without it, it won't be easy for me to achieve the success I got. The quality of your course material is brilliant. It is highly authentic and precise. It maintains its tough standard allowing detailed study of all topics. Your Medical Question Bank gives an edge to your students over others at the last crucial time. I strongly recommend the students to make your course as the most powerful ladder to their success. Your course justifies your name (Brilliant). I strongly appreciate your Ready Reference Compendium. I thank you for formulating such a wonderful course.

Selected: Haryana PMT – 1; AIIMS – 31; CBSE PMT – 93

Neeraj Bajia, MCBP0700184

July 16, 2007

The course helped me a lot in my preparations. The study material of Biology is extremely good and exhaustive. It contains many important points & topics which are not found in other books. The B.NET (National Evaluation Tests) are of very good standard and force a student to prepare exhaustively. I was also able to clear the second stage of Biology Olympiads (INBO) and earn a prestigious INBO gold medal for being among the top 41 students in Biology all over India. The National Sit-down Tests are very good. The study material, especially in Biology, is excellent. The course is a must for every medical aspirant who wishes to get a good rank in prestigious medical entrance exams. The subjective sit-down tests are especially useful for the preparation of CBSE-PMT Mains Exam. Your course has literally helped me a lot in my PMT preparations.

Selected: Manipal (MAHE) – 1; CBSE PMT – 9; AIIMS – 4; Rajasthan PMT – 19

Vineet Kumar, MCBP0700122

July 16, 2007

The course material especially the problems and the tests helped me a lot. Some questions in many exams were previously done by me in Tests conducted by Brilliant. Also many related problems came. The tests of Physics were quiet superb and many very good questions checking the mental power of us were asked. The course material was very good and served as a compendium for tough questions. Your Study Materials and Tests paved way for my success.

Selected: Chandigarh CET – 2; Manipal (MAHE) – 11; JIPMER – 50; CBSE – 65

Harbir Singh Billing, MCBP0700481

July 16, 2007

The Study Material was good, relevant & covered all important topics. The tests conducted were relevant and upto the mark. It's an authentic course and provides relevant study material. IT can guide a medical aspirant. I thank the Brilliant Tutorials faculty for their apt study material and relevant test series.

Selected: CMC (Ludhiana) – 2; Punjab PMT – 4; Manipal (MAHE) – 62; CBSE PMT – 250; AFMC – Written Cleared

Anubhav Malhotra, MCBP0700284

July 15, 2007

I took Brilliant Tutorials' correspondence. Their sets were very supportive and had good level of questions. Especially in Biology part the Brilliant Tutorial sets tried to expose us to full knowledge and covered almost all topics without omitting any details. I did not take classroom coaching so Brilliant Tutorials correspondence course was definitely a great help. Their doubt sessions through letters was a major help in clearing our doubts. The Question Banks, Simulator Test Series, the Compendium had many Questions which were asked in various PMT's. The course helped me a lot in making me more confident in solving various questions and making concepts clear and to prevent learning by rote. I would say the course contributed 90% to my success, rest 10% being my hard work & sincerity, parents & teacher's guidance & God's grace. The Question Banks and Simulator Test Series were the best as they were an Exhaustive Package to prepare for any PMT. The course is complete in all its aspects. The course is good enough to prepare for Medical Entrances and I would recommend to them all who wish to crack the various PMT's. I would like to thank you and your faculty for contributing to my success in various Medical Entrance Examination.

Selected: Haryana PMT – 2; CMC (Ludhiana) – 16; CBSE PMT – 460; MGIMS (Wardha) – 22; VMMC – Selected; AFMC – Selected

Sakshi Arya, MCBP0700156

August 03, 2007

It helped a lot because it included varied information which was out of syllabus for the board exams but was necessary for successfully clearing the entrance exams. The course helped me to a great extent because grasping the minutiae is what is necessary for the entrance exams. It is of very high quality. Your correspondence course was a great boon in my preparations for the entrance exams. Through it I was exposed to a great variety of information difficult to find elsewhere. Also your simulator tests and postal tests were a great preparation for tackling the real entrance exams.

Selected: Kerala PMT – 4; JIPMER – 17; AIPMT – 74

Rahul Pradeep, MCBP0602219

August 04, 2007

The course was very thorough and informative, especially the biology. The course was very comprehensive, excellent material for all the major competitive exams. The frequent tests helped me revise the theory well. The course content was aimed at the All-India level entrances and it achieves that. A lot of my preparation revolved around the model of study advocated by the course. The quality of the course material was excellent, very comprehensive and at the same time understandable. The Compendium and mock-tests at the end gave me the confidence to face all entrances.

I would recommend the course strongly for any medical aspirant who wants to rise above average. The course is excellent. I am grateful to the institution for the excellent course material that played a very important role in my success. I would recommend it to all medical aspirants.

Selected: JIPMER – 4; AIIMS – 56; Kerala CET – 94; AIPMT – 532; AFMC – Selected for interview.

Josh Thomas Georgy, MCBP0701626

July 15, 2007

For National level entrance exams, I referred only brilliant. It covered almost all the topics needed for any national level medical entrance exam. The notes, tables, glossaries are the best for any medical entrance exam. The course material is very good. It is short, detailed and sufficient. For National level Medical Entrance Exams I strongly recommend it. I think it is just sufficient. Selected: Karnataka CET – 4

Preetham S.D, MCBP0700225

July 18, 2007

The course helped in building basic concepts. Further everything was explained in great detail in Brilliant's books thorough study of which would make any PMT aspirant confident of success. The course helped me to a great extent to clear my PMT exams. The course material is perfect. The doubt letter scheme played an important role in clearing my doubts. The difficulty level in various tests provided was similar to the one faced in Pre-Medical Entrance Tests. The course is perfect. It has all details a student needs to know to clear a Pre Medical Examination. The difficulty level of questions is also quite appropriate. I recommend your course to all the PMT aspirants who seriously aspire for high ranks in PMTs. I would really like to

thank Brilliant Tutorials for my success in various Entrance Examinations. The correspondence course provided by your Tutorials help build a strong foundation of my success. Hats off to your authors.

Selected: CMC (Ludhiana) – 4; Punjab PMT – 92; CBSE PMT – 1508; Manipal (MAHE) – 579

Jasleen Kaur, MCBP0701139

July 13, 2007

I got to know where exactly I stood at an All-India level. The Simulator tests and sit-down tests were very good. Brilliant Tutorials has played a very big role in determining my success.

Selected: AIPMT – 57; AFMC (Boys) – 6; Manipal (MAHE) – 110

Neel Shah, MDQB0700029

July 16, 2007

It provided me with extra material (beyond textbooks) which is necessary to get a good rank. It helped me to a large extent giving me an edge over my friends through out the preparation and in exams. The Doubt Letter Scheme is amazing. Sit-down tests were very brilliant. They really helped me for CBSE Final Exam. The Paper I was exactly like the CBSE I appeared in. I would recommend your course very strongly especially for the 'Doubt Letter Scheme' & 'Sit-down Tests'. Thank you for providing me with such a brilliant course. It always gave me an edge over my friends. This really built up my confidence.

Selected: CBSE PMT – 32; Rajastham PMT – 5; Manipal (MAHE) – 78

Naman Wahal, MCBP0700046

July 17, 2007

The study material was upto the mark. It helped me to understand the subject and it also projected the most important parts of the syllabus. The high quality questions given in the Exams conducted by the tutorial was of great help. The study material helped me to build a strong base. The materials, tests are of great help. It has a high standard. The contact programme was very informative. This is a perfect course and is a must for all PMT aspirants. This course had greatly helped me in preparing for my PMT's. This course is of high quality and is a must for all PMT aspirants.

Selected: WBJEE – 5; Manipal (MAHE)- 133; AFMC – Selected for Interview

Atri Pal, MCBP0600039

July 16, 2007

The course material was excellent. Especially the Biology part was exquisite in details and relevance and helped me a lot to grasp the matter with ease and confidence. The NSTs were a perfect simulator of CBSE PMT and hence they gave me a lot of practice before the actual test. Very detailed description of all the topics made it an indispensable part for my preparations in Physics & Biology. The tests, as I mentioned above, are fantastic and highly useful. I personally recommend every medical aspirant Brilliant's CBSE + - 2yrs. Course for an exquisite and sound (if not quick) preparation. Thanks for your constant support during the last two years of my rigorous preparation for various PMTs. These tests simulate the main exam perfectly and the percentile scores given, correctly denote one's status of preparation. I strongly recommend Brilliant's 2yr. CBSE+ correspondence course to all medical aspirants.

Selected: WBJEE – 6; JIPMER – 9; CBSE (Mains) – 193; BHU – prelims cleared, mains not appeared.

Tamoghna Biswas, MCBP0701000

July 17, 2007

The notes were helpful in enhancing the knowledge, while the tests and national level percentile scores helped to know my relative standing. The course was an able guide to success which helped to improve my grasp on each and every topic, thanks to the way your tests are set. In all, the entire course was excellent; the lessons, assignments helped to grasp the topic, the doubt-letter scheme helped clear my doubts and the tests were the true judges of my preparation. The course CBSE + is very essential for every medical aspirant, because of its high level notes, quick doubt clearance and National level, good quality tests. I am over-whelmed with gratitude towards your institute for your able guidance which helped me prepare for the medical entrance exams and clear them with flying colours. I recommend your course, CBSE +, to all medical aspirants because it is very useful in cracking PMTs.

July 26, 2007

The course schedule was very well planned and tests and problems were of good level. The course played a great role in my success, specially the **SIMULATOR TESTS**. The overall quality of everything – material, tests is very good. I would recommend this course very strongly to all my juniors.

Selected: CBSE PMT – 14; BHU (Prelims) – 16

Kshitij Chatterjee, MCBP0701673

July 13, 2007

The notes provided were excellent and contained details on all topics. The test series gave me ample practice on how to manage time plus the questions asked were of the same kind as those which appear in competitive exams, which helped me a lot. The course had a great role in my success. The experience which I had while studying the notes and taking the tests was sufficient to see me through the competitive exams. Everything was fabulous, particularly the test series. I sincerely recommend Brilliant Tutorials courses to all the medical aspirants for their excellent quality. Thanks to the excellent material provided by the institute and the test series as well, I have been selected in various institutes.

Selected: CBSE PMT – 2; AIIMS – 14; CMC (Ludhiana) – 15; AFMC – Selected for Interview.

Teg Rabab Singh, MDPS0700214

July 19, 2007

The course contained information in all related fields required in entrance exams. It covered not only the whole syllabus but had loads of other information too. The course helped me in clearing major doubts. Exams boosted my confidence. I was able to cover a vast majority of the portions. The tests conducted by Brilliant was of great standard especially those of the questions.

Selected: AFMC – 17; Kerala PMT – 647; AIPMT – 1655; Amrita Institute PMT – 91
